Established in 1982 by the local Houliston family, Galloway Foodservice has expanded to become one of the largest independent family run food producers and wholesalers in Scotland and we are extremely proud of our long association with the excellent food establishments we supply.

We only sell the best Beef, Lamb, Pork & Poultry available and as a fully licensed EU cutting plant (number 1737), we can offer complete confidence to our customers in our standards and traceability.

Our team of highly skilled butchers (some who began their apprenticeships with us some 25 years ago) have spent many years perfecting our recipes for Haggis, Burgers, Sausages and are now teaching their skills to the next generation. We take great pride in our ability to butcher, prepare and pack to our customers individual requirements.

Completion of work last summer has enabled us to keep up with demand for our delicious homemade pies and pastries as well as coming up with new ideas (we are always open to suggestions!).

On top of all of the above, as you can see throughout this brochure, our extensive range of finest frozen foods are sourced from leading manufacturers. We are firmly committed to only buying the very best available.

For the past few years we have built up an ever expanding range of dry goods and groceries and given a few days notice we are confident we can source almost anything.

In the last year we have expanded our product range once again by taking over 'The Blackface Meat Company'. This new venture has enabled us to now stock a large variety of local seasonal game including Venison, Grouse, Pheasant, Mallard and much more. Plus we now source local Ayrshire Veal, Blackface Mutton, Outdoor Reared Pork and other premium high welfare breeds. For further information on our Sister Company please contact us on 01387 730326.

Last but by no means least, we always deliver in our own dual temperature vehicles, therefore we ensure your goods arrive on time and in perfect condition.
